**Object: FREE TERRITORY OF TRIESTE**

I write this letter on behalf of the “Assembly Project Association”,

to protect the citizens of the Free Territory of Trieste, later TLT, based in Trieste, via Trebiciano 60/2.

The TLT was constituted following the Treaty of Peace n. 747 signed in Paris on February 10th 1947 (art. 21) between Italy and the victorious powers of the Second World War, whose territory includes the city of Trieste (established by the TLT).

The signing of the Treaty of Peace took place on the 3rd September 1943 and entered into force on the 8th September 1943.

After defeating the enemy powers, Italy signed the Peace Treaty, losing several territories, including Venezia Giulia, a region Trieste belonged to.

In fact, when the Institutional Referendum was announced on the 2<sup>nd</sup> June 1946, Italy voted for the republican form, while the Venezia Giulia (precisely, the provinces of Gorizia, Trieste, Pula, Fiume) as sanctioned by the legislative decree n. 99 of March 16, 1946 did not participate in referendum consultations nor in elections to the new Constitution.

However, the international community immediately understood that the TLT

and in it Trieste, could claim a strategic position, representing an international logistic hub, highly important for the development of the Central European countries and beyond (in fact, as is well known, China has recently declared its interest in the Gulf of Trieste that could become, according to the project of the "New Silk Road", a main hub for the businesses that transit towards Northern Europe).

Since all of this has happened, in fact, the 16th UN Resolution of 10 January 1947 approved the instruments for the provisional TLT regime, the permanent Statute and the tools for the Free Port of Trieste, therefore it assumed the responsibility of guaranteeing the development and integrity of the TLT.

Also in light of this, in 2007 the United Nations Economic Commission for Europe (UNECE), published a brief historical document, in which the path and aims of Unece are reconstructed: *"The Commission will invite representatives of the Free Territory of Trieste (when it is established) to participate in an advisory capacity in examining the Commission of any matter of particular interest to the Free Territory."*

Italy performs the provisions of the Treaty of Peace, first with the law nr. 811 of 2 August 1947 (the Italian Government has been authorized to ratify the Treaty of Peace) and subsequently with the legislative decree of the provisional Head of the State 28 November 1947, ratified with Law nr. 3054/52.

From this moment on, the Allied Military Government, which assumes the functions of provisional Government of the TLT, immediately provides for the creation of the legal and administrative structures of the TLT State in accordance with the provisions of the Peace Treaty and the Permanent Statute. By virtue of this, Italian real estate assets located in the territory are transferred to the TLT, the question of citizenship is regulated with the issuance of identity cards, driving licenses, State symbols are created, a Civil Police is created (as per photographic documentation that is produced). In fact, the TLT participates in international diplomatic relations, as shown by the first convention for so-called economic cooperation "OEEC".

Later on the temporary military regime of TLT changed to a temporary civil regime entrusted to the Italian Government with the Memorandum of London of 5 October 1954 among the Governments of the United States, United Kingdom, Italy and Yugoslavia, assuming Italy an international fiduciary

mandate for the provisional administration of the TLT for the Zone A.

In 1957 with the signing of the Treaty of Osimo between Italy and Yugoslavia, the border between the two countries was fixed, negating to recognize the TLT.

The Treaty of Osimo constitutes a manifest violation of the Peace Treaty signed by Italy and the victorious powers of the Second World War due to the fact that the Treaty of Osimo does not recognize the TLT.

Moreover, the Treaty of Osimo has been only by Italy and Yugoslavia and not by all the Treaty of Peace signatory countries.

Due to the above-mentioned circumstances, we ask you formally on behalf of the Free Territory of Trieste **to take all possible measures for the fulfillment of the Treaty of Peace and the recognitions of the TLT.**

Your sincerely,  
Ra, Enrica Maggi Avvocato
